

DX 032 is a durable multi-functional rescue stretcher. It can be dragged on many types of surfaces, attached under a helicopter, suspended or carried. Also can be used as an alternative means of transport for heavy equipment. Resistant to mechanical and chemical damage.

The set comprises the following elements:

1. stainless steel stretcher,
2. slings enabling transport in a horizontal position
3. straps for patient stabilisation,
4. AZ 011i connectors - 4 pcs.
